### Introduction

**Power Software Wiper** is a replacement for the standard Windows Add/Remove Software dialog. It loads fast and offers some additional features to remove leftover files and registry entries, as well as a forced uninstall mode for programs that did not come with a common uninstall tool. The program uses the original uninstaller first, and upon completion scans your registry and hard drive for any leftovers. It will then present you with a list of found items and you can choose to have them removed.

Power Software Wiper provides powerful features to both beginners and experienced users. It offers you some simple but effective and powerful approaches to manage (uninstall, delete, disable from auto starting) and to get information about your installed and/or running applications.

All the steps used by Power Software Wiper are done with simple clicks. You won't even notice the analysis process. Just share it now!

### Features

#### **What the Power Software Wiper is and what you can do with it:**

Friendly and easy to use GUI.

List all installed programs, system updates and screen savers quickly.

Backup the registry info of all installed program.

Built-in Startup Item, take full control of Window startups.

Add the comments for selected program in the registry.

Export any program uninstall information to reg file.

Displaying programs in 3 different views (Icons, List and Details).

View all details of a certain application installed on your computer.

Clean up remnants program files and reg keys after uninstalling.

Lighting speed at startup, 5-10 times faster than Add/Remove Program of Windows XP.

Ability to uninstall screen savers.

Quickly open programs Install folder, Company site or support site.

Create a full report for the installed programs and save the report to a text file.

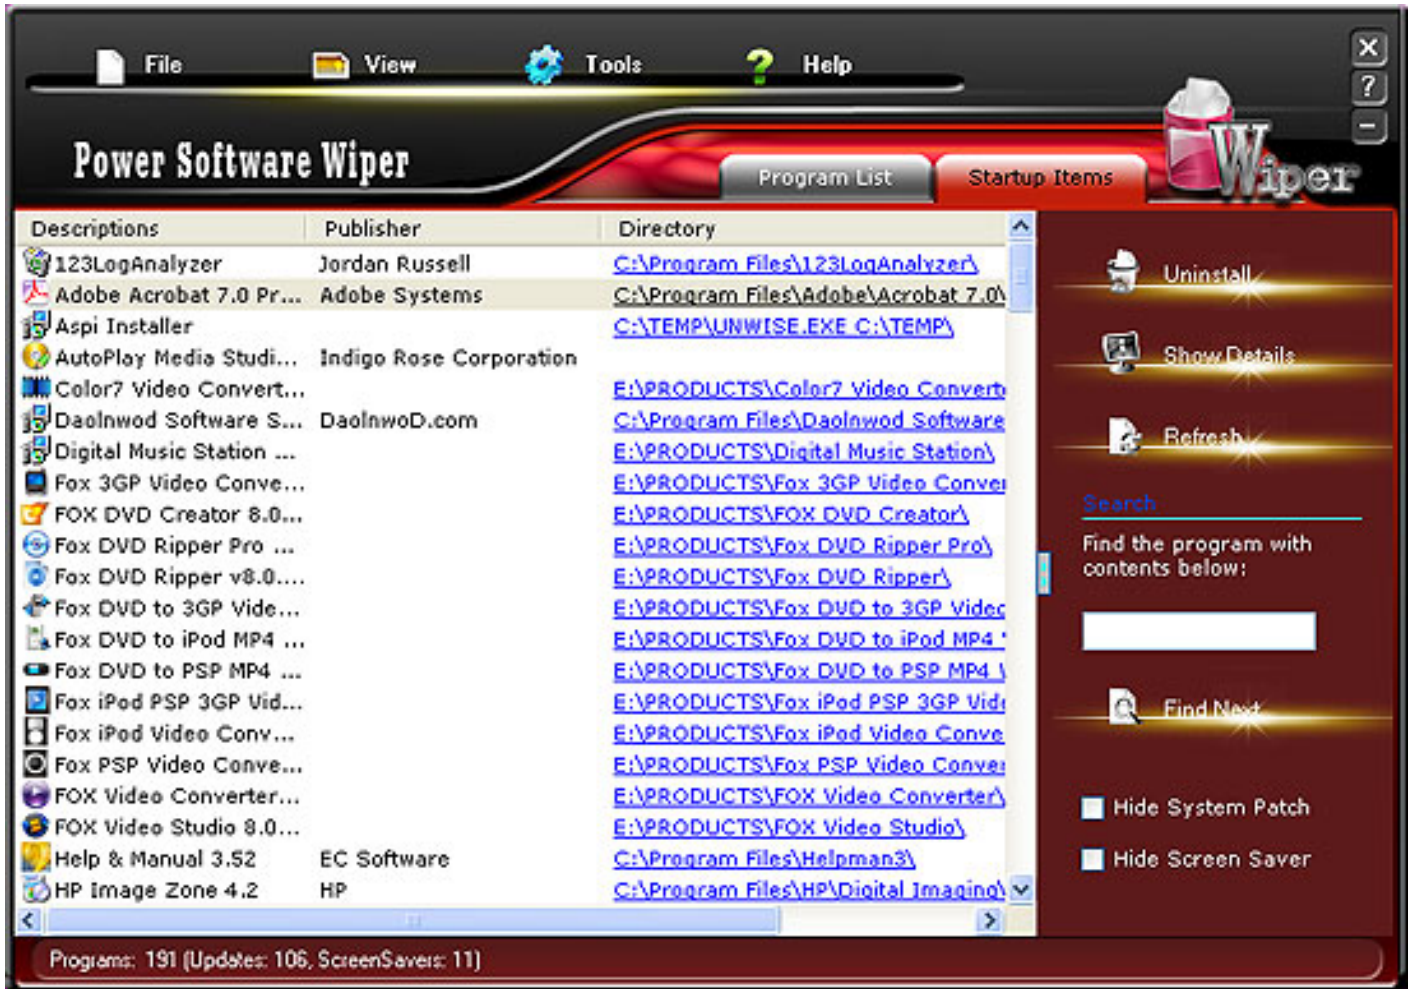

And more...

So rather than wondering why your PC is running so sluggishly, just load up Power Software Wiper, an easy to use suite for uninstalling applications and keeping your computer clean.

# Power Software Wiper
